

CADCA Congressional Election Guide 2024

All Politics is local.

Background

“All politics is local.” Public policy is fundamentally decided at the polls. It is more important than ever for those concerned about drug, alcohol and nicotine prevention, treatment and recovery to put these issues on the political agenda. The upcoming general election provides wonderful opportunities to get our issues on candidates’ radar screens.

Congressional and presidential candidates must hear from constituents about the importance of solving drug and underage drinking issues through effective community-based prevention, treatment and recovery approaches. To help you in this process, CADCA has created an Election Guide for the 2024 General Election.

The CADCA Election Guide gives you the tools you need to raise and address prevention, treatment, harm reduction, and recovery issues at campaign events around the country.

The CADCA Guide includes the following information:

- Candidates for the President of the United States and their Contact Information (page 3).
- How to raise drug misuse and underage drinking issues with the candidates (page 4)
- Sample questions to get the candidates on record (pages 5-7)
- The Election Center (Appendix 1) (pages 7-11)
- Points of Contact for State Boards of Elections (Appendix 2) (pages 12-16)
- A follow-up survey to document the candidates’ positions (Appendix 3) (pages 17-18)
- A summary of relevant federal tax and election laws for 501(c)(3) nonprofit organizations (Appendix 4) (page 19)

CADCA’s hope is that coalitions around the country will use this guide to let as many candidates as possible running for office in 2024 know that they must seriously address alcohol, nicotine and drug issues as part of their campaigns. In that way, the winners of these elections will know these issues are of great concern to their constituents when they take office.

The entire House of Representatives (all 435 members) as well as 34 senators are up for reelection. To find out who is running for the House and Senate in your district and state go to https://ballotpedia.org/Main_Page and click on “2024 elections”. For more information on the 2024 presidential election, go to https://ballotpedia.org/Main_Page and click on “2024 presidential election”.

How to Raise Illegal Drug and Underage Drinking Issues with the Candidates

Attend Campaign Events, Forums, and Town Meetings

Make sure that you have coalition members or volunteers at each event to ask questions to get the candidates on record. (Sample questions are on pages 10-14.) Search for candidate events in your area using the election center guidance (election center information are on pages 7-11).

Encourage local media to focus on substance use issues

Make your own news. Encourage your local media to focus on substance use issues when providing press coverage for campaign events (for sample questions see pages 9-10). Tweet at campaigns and engage with candidates online via their social media platforms. Many candidates have web forms that allow you to ask questions on their websites. See if your local daily newspaper will agree in advance to print the candidates' responses to your questions. If so, let the candidates know this, and they will very likely respond. If they respond, publicize the responses locally through your newsletter, letters to the editor, editorials, etc. If you get a commitment from one candidate, tell the other candidates "Candidate X is on board, where do you stand?" Publicize the answers.

Brief your local press corps (print, radio, TV, internet, social media). Try to get them interested in raising questions about the candidates' positions on prevention, treatment and recovery issues. Schedule an editorial board meeting to discuss these issues. Writing an op-ed piece also will draw attention to drug and alcohol issues through publication in your local newspaper.

Sample Questions to Get Candidates on Record

In order to get the candidates' positions regarding substance use prevention, harm reduction, treatment, and recovery on the record, CADCA has prepared the following sample questions to be asked at election events, town meetings, social media, and candidate forums.

Comprehensive Demand Reduction Approach

1. Would you support increased federal funding for a truly comprehensive approach to battle the current polydrug epidemic, including prevention, treatment, recovery support, and overdose reversal?

Prevention

1. Community coalitions have proven to be highly effective in reducing youth drug use and underage drinking in this community and in many others across the country. If elected, would you support increased funding for community coalitions through the Drug-Free Communities program?
2. Given prevention is the most efficient and cost-effective way to address the overdose crisis, would you allocate additional resources for community-based substance use prevention to stop or delay substance use among kids? Please elaborate on your reasoning.

Treatment

1. Do you support increased funding for appropriate and effective substance use treatment services for all who want to access them? Why or why not? Please elaborate.
2. Do you support addiction treatment parity, which ensures that all Americans have access to life saving addiction treatment, by eliminating any insurance or other barriers that are still in place?

Harm Reduction

1. Do you support strategies to ensure that people who use drugs have universal access to overdose reversal medications such as naloxone and other programs and tools to keep them alive and healthy?
2. Do you support Good Samaritan laws that provide legal immunity for individuals who call for 911 assistance when experiencing or observing a drug overdose? Why or why not?

E-Cigarettes

1. Youth E-Cigarette Epidemic: In 2023, more than 11% of 8th graders reported initiation of e-cigarette use.¹ What steps would you take to reduce youth access and use of these products?
2. Do you support a national ban on flavored e-cigarettes and other tobacco products that attract youth?

¹ <https://monitoringthefuture.org/data/bx-by/drug-prevalence/#drug=%22Vape+Nicotine+%28E-cigarettes%29%22>

Recovery

1. Over the past 30 years Congress has enacted a series of laws that prevent people in recovery with past criminal histories from obtaining many public benefits. Do you support the repeal of these discriminatory laws for people in recovery?

Issues with Semi synthetic Cannabinoids such as Delta-8, Delta-10, THC-O

1. The 2018 Farm Bill legalized hemp production, which inadvertently led to the proliferation of hemp-derived semi-synthetic cannabinoids (e.g, delta-8 THC, delta-10 THC, THC-O, HHC, etc.). The sale of products containing these substances has exploded nationwide and are currently sold in vapes and edibles at gas stations, smoke shops and online. The immense variety and potency of these products – from delta-8 and delta-10 to the scores of semi-synthetic cannabinoids that are available now makes regulation impossible because there is potential for an unlimited number of derivations of these products to be created. Do you support policies that would end the proliferation of these substances?

Cooper Davis Act

1. Tragically, we've seen the role that social media plays by making it easier for young people to get their hands on illicit drugs that are laced with fentanyl. Do you think social media companies have a should be responsible for reporting illicit drug activity on their platforms to law enforcement agencies so that the sellers can be stopped?

Appendix 1: Election Center

CADCA’s Advocate Now Toolkit is an online service designed to help determine your federal, state, and local representatives are, and provide critical information related to the 2024 elections. Users can enter their home zip code and street address to access critical voting resources for the 2024 Election such as how to register to vote, who is on the ballot, and who their current representatives are. Only candidates that appear on your ballot will be listed.

To access the Election Center, click [here](#).

View Your Election Center

Enter your address to view voting resources and your officials & candidates

Enter your home zip code into the box, then click the arrow.

View Your Election Center

Enter your address to view voting resources and your officials & candidates

Next, enter your street address when prompted and click the arrow again.

Appendix 2:

Point of Contact for State Boards of Elections

Each state has some form of a Board of Election and CADCA has provided you with each state's point of contact. The point of contact and web page can give you information concerning the 2024 election process in your state. They can also point you to individuals in your city or county who can answer any questions you have concerning voter registration efforts. Information was gathered from the National Association of State Election Directors (NASED) located at <https://www.nased.org/members>

Office or Position the candidate is running for: _____

Ex. House of Representatives, Senate

What question did you ask? _____

What is their position? _____

Appendix 4:

Federal Tax Laws and Federal Election Laws for 501(c)(3) Nonprofit Organizations

Federal tax election laws can seem intimidating to organizations. Appendix 4 was created to aid all 501(c)(3) nonprofit organizations in navigating the election process. If you wish to learn more on what your 501(c)(3) nonprofit organizations can and cannot do please contact The Alliance for Justice (<http://www.afj.org/>) to obtain The Rules of the Game: An Election Year Legal Guide for Nonprofit Organizations.

*The term “federal tax law” means those federal laws, regulations and rulings under the Internal Revenue Code (“IRC”) of 1986. The term “federal election law” means those federal laws, regulations and ruling under the Federal Election Campaign Act (“FECA”) of 1971.

Candidate appearances

1. The federal tax law states that 501(c)(3) nonprofit organizations may sponsor a candidate’s appearance at an organization’s event, but the IRS states that if one candidate is invited the event must:
 - give all the other candidates an equal opportunity to participate, either at the same event or a comparable one
 - ensure that the organization remains non-partisan by neither supporting nor opposing the candidate at the designated event and
 - have no political fundraising

If the candidate was invited in a capacity other than as a candidate, the organization does not need to invite the opposition, but should do everything in its power to make sure that the event does not turn into a campaign appearance. The organization should avoid any mention of the guest’s candidacy or the election in connection with the event.

2. The federal election law states that you may invite candidate(s) and/or political party representative(s) to address a meeting, convention or other function of your 501(c)(3) nonprofit organization if your voting members, officers, executive or administrative employees and the families of such personnel are the only individuals at the event. But, if other members and/or employees participate in the event the organization must:
 - give all the other candidates an equal opportunity to participate, either at the same event or a comparable one
 - have no political fundraising and
 - not express endorsement of, or support for, the candidate or party in conjunction with the event.
